

# 21<sup>st</sup> Century Community Learning Centers Survey of Needs – Community Partners

21<sup>st</sup> CCLC is a **FREE** afterschool and summer program that we are requesting for students at the listed schools. The program will be funded for FOUR years if awarded, which will be great for the school and community (and hundreds of students). The state requires us to better understand needs of the community as reported our partners and local supporters. Please provide your feedback on the questions below. Your answers will be aggregated with other surveys and will not be distributed in any way to identify you personally.

## PARTNERS SURVEY

The government will only fund the program if it cannot be paid by its target beneficiaries. The Boys & Girls Club must raise funds to cover expenses that are not met by the 21<sup>st</sup> Century Grant, because it must remain a Free Program. Do you believe families of your students **COULD** afford to pay for these services (they will be **FREE** if we get the grant)?

Afterschool (\$30/day or \$4,800/year): Yes / No

Summer (\$80/day or \$2,400/year): Yes / No
